

Part III. Notes for completion

These notes for completion must be read and understood by the certifying officer before signing the certificate. Notes are set out in sections that correspond to the sections in the certificate. By signing this certificate, certifiers are verifying that the consignment meets the requirements set out in the certificate and any relevant corresponding notes for completion.

These notes do not need to be printed as part of a paper certificate that accompanies the consignment or in any electronic copy of the certificate.

References to European Union legislation within this certificate are references to direct EU legislation which has been retained in Great Britain (retained EU law as defined in the European Union (Withdrawal) Act 2018) and can be viewed on the UK legislation website (legislation.gov.uk).

References to Great Britain in this certificate include Channel Islands and Isle of Man.

References to GB requirements refer to the requirement(s) of Great Britain as set out in the accompanying notes for completion.

Part I

- Box reference I.6: *Person responsible for the consignment in Great Britain*: this box is required to be filled in only if it is a certificate for a commodity to be transited through Great Britain; it may be filled in if the certificate is for a commodity to be imported into Great Britain.

- Box reference I.23: For bulk containers, the container number and the seal number (if applicable) must be included.
- Box reference I.25: *Technical use*: any use other than feeding of farmed animals, other than fur animals, and the production or manufacturing or pet food.
- Box reference I.26 and I.27: Fill in according to whether it is a transit or an import certificate.
- Box reference I.28: *Manufacturing plant*: provide the registration number of the treatment or processing establishment.

Part II

Animal Health

By signing this certificate, you, the official veterinarian, are certifying that you have read and understood Regulation (EC) No 1069/2009, and in particular Article 10 thereof, and Commission Regulation (EU) No 142/2011, and in particular Section 4 of Chapter II of Annex X and Chapter I of Annex XIV thereto.

AH/T108 Territory requirements

The region must be completed if the authorisation for introduction into Great Britain is restricted to certain regions of the third country concerned.

The exporting country (or region if required as above) must be listed in a document relating to 'milk and milk products' published on GOV.UK, in accordance with Commission Regulation (EU) No 605/2010^(†), and have been free from foot-and-mouth disease (FMD) and rinderpest for a period of 12 months immediately prior to export and have not practised vaccination against rinderpest during that period.

**Colostrum and products from
bovine (BOV-C)
GBHC587**

AH/A503 Animal requirements (general)

The colostrum/colostrum products must have been produced from colostrum derived from animals which at the time of milking did not show clinical signs of any disease transmissible through colostrum to humans or animals, and which had been kept for a period of at least 30 days prior to the date of production on holdings that were not subject to official restrictions due to foot-and-mouth disease or rinderpest.

AH/P005 Product requirements (segregation)

No further notes for completion.

AH/P483 Product requirements

The conditions below apply only to third countries authorised in column 'A' as set out in a document relating to 'milk and milk products' published on GOV.UK, in accordance with Commission Regulation (EU) No 605/2010.^(†)

- (a) The colostrum or colostrum products of bovine animals must have been subject to high temperature short time pasteurisation in 72°C for at least 15 seconds, or an equivalent pasteurisation achieving a negative reaction to a phosphatase test in bovine colostrum, in combination with:
- EITHER** the condition that the colostrum or colostrum products have been produced during a period at least 21 days before the date of shipping and during this period no cases of FMD have been detected in the exporting country;
- OR** the condition that the colostrum or colostrum products have been produced, in consideration of the foreseen voyage duration, on a date at least 21 days before the consignment is presented to a border control post of the point of entry into Great Britain.
- (b) Officially tuberculosis-free and brucellosis-free herds are as laid down in Annex A to Council Directive 64/432/EEC and officially enzootic-bovine-leukosis-free herd as laid down in Chapter I of Annex D to that Directive.

AH/P503 Product requirements

Containers are marked so as to indicate the nature of the product and bear labels indicating that the product is Category 3 material and not intended for human consumption.

AH/P610 Product requirements

No further notes for completion.
